

Make a **difference** this holiday season *with*

Farmers Helping Farmers, an Island organization, works to help Kenyan farm families to produce enough food for their families and to educate their children. **You can make a significant difference** by giving your family, friends and/or clients a gift in support of these hardworking families. Gift card(s) will be sent to you in time for the holidays, along with a tax deductible receipt. We guarantee that your gift will be personally delivered by Farmers Helping Farmers members travelling to Kenya in January.
