

Good Day:

My name is Kyran Dwyer. I am the Eastern Vice-President of the Canadian Association of Principals (CAP) <http://cdnprincipals.org/>. In my role as Eastern VP, I am also the editor for our CAP Journal. CAP advocates for Principals and Vice-Principals at the national level. Working with other national educational groups, CAP presents the views and opinions of Principals, Assistant-Principals, Vice-Principals and other school leaders regarding a variety of issues and in many different forums as we work with our provincial and territorial affiliates.

**CAP is requesting written submissions for our next publication with the theme:**

**“Issues and Trends in Canadian Education”**

**This theme is relevant to all education stakeholders across our great country. The topic is relevant to all educational leaders in Canada and provides an avenue to let others know what is happening in your corner of the country. There continues to be constant change and discussion centered on public education in Canada and this is an opportunity to let your voice be heard.**

**The submission deadline is August 01, 2016**

Articles can be e-mailed directly to me at [kyrandwyer@nlesd.ca](mailto:kyrandwyer@nlesd.ca) preferably as a Word document, 1000 - 1250 words in length. Authors should include a writer's biography, not to exceed 40 words, containing designation, credentials and/or any relevant experience. No e-mails will be printed in the CAP Journal.

Please note the CAP journal has a print version and an electronic publication. Amendments to accommodate space requirements may be necessary, however any revision would author approved prior to publication.

If you know of a colleague that may be interested in writing / submitting an article, please forward this e-mail, along with my contact information, to any faculty member who may be interested.

Please do not hesitate to contact me if you have further questions.

I appreciate your attention to this request.
